

Our open community

Smurfit Kappa
Better Planet
Packaging

I am delighted to share with you just a few examples of the many great things we are doing across the company for people and the communities in which we have the privilege to operate.

As part of our mission to be a globally admired business I believe it is imperative that we give back when we can. The examples in this booklet show that so many of our fellow Smurfit Kappa employees are doing amazing work across many different countries. We are also funding many initiatives through the Smurfit Kappa Foundation that are literally changing people's lives for the better every day. I am confident this commitment will get stronger and stronger in the years ahead.

I feel immensely proud that so much good is being done especially against the context of a world living with the awfulness of COVID-19.

Please enjoy reading and seeing what you and your colleagues are contributing towards and I hope you feel as happy as me when you see the things that Smurfit Kappa is doing to make a difference!

A handwritten signature in black ink, appearing to read 'Tony Smurfit'. The signature is stylized and fluid, with a large initial 'T' and 'S'.

Tony Smurfit
Group Chief Executive Officer

We are proud to be a company with an essential and enduring purpose:

We create, protect & care.

Smurfit Kappa supports the UN Sustainable Development Goals

Our Open Community initiatives cover all aspects of our involvement with our communities around the world. We are proud that many of our ongoing community efforts support key United Nations' Sustainable Development Goals (SDGs).

We have captured our community initiatives under four categories.

INITIATIVE CATEGORIES

UN SDGs SUPPORTED BY INITIATIVES

Empowering communities

Pages: 5 – 15

Encouraging wellbeing

Pages: 16 – 25

Inspiring our future

Pages: 26 – 33

Protecting our planet

Pages: 34 – 41

Empowering communities

Investing in our communities through volunteering our time, energy and resources.

At Smurfit Kappa we are deeply committed to supporting the local communities across the 36 countries in which we operate. Internally and externally, we make the wellbeing of people a priority throughout our organisation. We are proud to invest in our communities and to give back through volunteering our time, effort and expertise, as well as through financial and other donations.

UN SDGs SUPPORTED BY INITIATIVES

Above: SK UK team members take a selfie during the 6 week walking challenge.

Pre-Print walking challenge

UNITED KINGDOM

Walking challenges at Pre-Print were established to encourage employees to join in with the Wellbeing for Life programme. As a team, we took on a 6 week challenge to raise money for a local foodbank in Corby and a foodbank in Cape Town as well.

The total money raised was split equally between the charities. As a team we walked over 16.5million steps and covered 11,496 kilometres.

11,496

Total kilometres walked by team.

Above & below: Local artisans at work.

“This is how we support livelihoods of thousands of hardworking families dedicated to perpetuating this artisan legacy that is part of the cultural heritage of Colombians.”

Gilberto Avendano, Experience Centre Manager

Training local artisans

COLOMBIA

Colombia is a country rich in ancestral handicraft traditions, with artisans country-wide creating and selling handmade items including ceramics, jewellery and wood carvings that are part of the country’s cultural heritage. Because of the pandemic, many of the craft fairs that provided an outlet for these artisans were closed, and many moved to eCommerce to sell their items.

Unfortunately, many struggled to source sustainable and effective packaging, leading to damaged products and unnecessary, unsustainable waste.

Smurfit Kappa partnered with the organisation Artesanías de Colombia to provide a virtual workshop and training to artisans around the country. The training placed an emphasis on the importance of sustainable packaging and the protection of the environment.

“I am on a cloud, it seems that I still haven’t put my feet on the ground”

Miriam Martínez Rico

Above: Miriam Martínez Rico wins silver at Tokyo 2021.

Supporting inspiring local Paralympian in fulfilling her dream

SPAIN

Miriam Martínez Rico suffered a stroke due to a neurodegenerative autoimmune disease at age 28, and had to re-learn how to walk. She turned to sports and discovered her talent in the shot put. This September, Miriam competed in the Paralympics in Tokyo, a first for the Ibi area. Smurfit Kappa Ibi is grateful to be able to support her with her training and travel expenses. Miriam’s success gives visibility to the disabled community, and her hard work, passion and perseverance are an inspiration to us all.

Above: SK Brazil support local children with hygiene kits.

Support and care for local children with disabilities

BRAZIL

During the Week for People with Disabilities, employees from the Smurfit Kappa plant in Fortaleza, Brazil, participated by donating hygiene kits and snacks for children with disabilities. This was done in support of the social organisation APAE, whose main objective is to promote comprehensive care for people with intellectual disabilities.

Above: Children in hospital receive treat-filled boxes.

Treat-filled boxes gifted to patients at children’s hospital

POLAND

The team in Poland designed and filled the boxes with sweets and gifts, then handed them out to children in one of the local hospitals. The design on the boxes was linked to a stage show that a theatre company was performing for the children, to make the whole experience extra enjoyable and memorable for them.

60

Children received treat-filled boxes.

New books for local children

MEXICO

SK Queretaro employees wanted to help the good work carried out by Fundacion Zorro Rojo, whose main objective is to help the literacy of boys and girls who live on the margins of society. The team donated books for 30 young children in the Fundacion Zorro Rojo community.

30

Children received new books.

Pledges for Forney foodbank and their senior citizens

USA

Since 2001, the SK Forney plant has been raising money for United Way. Every year, they produce pledge cards and select a team captain from each participating business unit who champions the charity and distributes the cards to each member of their team. Representatives from the local United Way have come to the mill to talk about the specific needs in the Forney community.

Forney Food Pantry and Senior Citizens' Centre are the two main organisations who received donations. Since 2001 the staff have donated \$371,067.23 which has been matched by the company to make a total donation of \$742,134.46.

"It is the best and most effective way to help our community."

Vickie Lee, SK Forney

\$55,194

Dollars raised in 2021.

Below: SK donates \$55,194 to United Way in 2021

Below: SK Forney employees donate the money they raised this year.

Above: Members of the SK team in Russia spend a day in the park with children from the local orphanage.

Quality time with children from Pavlovsk orphanage

RUSSIA

Our team in Russia decided to spend the day in a picturesque park in Pavlovsk, making balloons and playing games with children from the local orphanage.

The orphanage receives financial donations regularly, so the team decided to donate something else of great value, their time and care. The children and the SK employees enjoyed the day very much. This initiative has started a great friendship between Smurfit Kappa Russia and the orphanage in Pavlovsk.

“Nothing can compare to the happy smiles of these children.”

Olga Ershova, Sales Coordinator

Left: Members of training initiative in SK Spain to improve gender balance in the workplace.

Below: Natália in her specialised car seat.

Training to build equal work opportunities

SPAIN

In 2020 our Spanish colleagues established an equal opportunities training initiative to improve the gender balance of women working in the production process. Given the success and good reception of this initiative, it has been expanded to run in 8 plants across Spain this year.

8

Plants across Spain have taken up the training this year.

Specialised car seat donation

PORTUGAL

The Smurfit Kappa team in Portugal donated a specialised car seat for 2 year old Natália who has muscular atrophy. The gesture may seem small but we hope it will be a big help to Natália and her family.

Food boxes donated to World Vision

CHILE

SK Chile supported their local community by donating boxes to World Vision, an organisation that provides food and cleaning products to hundreds of families in low income areas.

5,000

Food boxes donated.

Image: Food box donation in Chile

Helping community to grow crops

COLOMBIA

Our Forestry Division in Colombia is keen to promote healthy eating for members of their local community. They supply seeds and expertise to empower people to plant and enjoy their own vegetables. The people who receive the seeds are given advice on how to plant them, nurture them, and how to prepare suitable fertilizer.

The participants are also trained in food handling and hygiene, and are provided with delicious and healthy recipes for the vegetables they've grown. The results of this initiative are that families come together to grow their own food and have a better opportunity to eat regularly and healthily at home.

Above: Locals from community growing vegetables.

"Everything I have harvested has been for the benefit of my house and the rest of my family."

Gabriela Sanchez, beneficiary

Local families benefitted.

Image: Fundraising car wash in UK.

Encouraging wellbeing

Taking an active part to support our local communities

We are proud of the efforts and contributions of our teams at a local level to support the many wonderful initiatives that take place. We have shown ourselves to be an energetic, committed and sporting organisation through the many activities over the last year.

UN SDGs SUPPORTED BY INITIATIVES

Supporting the American Heart Association (AHA)

USA

The Smurfit Kappa teams in Fort Worth and Arlington came together to raise awareness and funds for the American Heart Association (AHA), a non-profit organisation dedicated to reduction of death from heart diseases and stroke.

\$92,000

Raised in aid of the AHA since 2013

Supporting a safe return to school for local children

COSTA RICA

This year, the SK Costa Rica team supported the return of students to school by developing and installing cardboard dividers in the students' desks, to help prevent the spread of COVID-19 within the classroom.

Our Smurfit Kappa colleagues in Costa Rica have a strong relationship with the community school, Escuela Villalobos, who they have supported in the past on issues of road safety, waste management and recycling.

Below: Cardboard dividers created by SK to prevent the spread of COVID-19.

220

Students are now enjoying safer classrooms.

Left & above: SK UK team members take part in the group car wash.

Car wash in aid of mental health services

UNITED KINGDOM

Mental health is a cause that is close to the hearts of our Stalybridge site colleagues. They decided to raise funds for The Anthony Seddon Fund – a community charity that offers support to those who have been affected by mental health issues.

To fundraise, the team organised a charity car wash. They had great fun on the day and were delighted to donate all proceeds to the charity.

“This is a charity close to my heart and it was such a great day enjoyed by all.”

Cath Urch, SK Stalybridge

20

Smurfit Kappa colleagues took part in the car wash.

Above: SK Manchester sell necktubes in aid of Blood Bikes.

Fundraising in aid of Blood Bikes Manchester

UNITED KINGDOM

The team in Manchester designed a set of necktubes to sell and raise money for Blood Bikes Manchester (BBM), a charity that supplies an out-of-hours service to hospitals by delivering donor breast milk to special care baby units, collecting milk from donor mums, and delivering blood products to hospitals in the Greater Manchester area.

The work carried out by the charity is made possible by volunteers who give up their time and expertise for free. All proceeds from the sales went to the charity.

Above: Family taking part in the Love Run.

Love run for Irish Heart foundation

IRELAND

24 Smurfit Kappa employees ran, walked, or cycled 5k with their families on Valentine's Day in aid of the Irish Heart Foundation Love Run. It was a great way to raise funds for the charity while getting active and back to the outdoors again during the lockdown.

5k

Walked, cycled or ran by everyone who participated.

Right & below: SK employees taking part in virtual bike ride.

A virtual bike ride to help beat cancer

MEXICO

Supporting the local community is very important to the Tijuana plant in Mexico, and we do our best to involve all employees in different activities to spread this belief throughout the plant.

As well as promoting the Castro Limón Foundation virtual bike ride, employees were encouraged to buy souvenirs provided by the Foundation, or make direct donations. There was a huge response and we were able to donate funds to provide important cancer treatment for children.

“Good people are like candles, they always give light in your life.”

Andrea Valdivia, Community manager

Step contest to raise funds for Cancer research

SWEDEN & NORWAY

This year, 300 colleagues from our sites in Sweden and Norway took part in a sponsored step competition to raise funds for cancer research. While they were getting active, they managed to raise 25,000 SEK. They donated this to Rynkeby Cycling, an organisation who fundraise every year to support cancer research for children.

25,000

SEK raised to support child cancer research.

Above and right: SK Slovakia team members improve the local sports club grounds for children in their community.

Improving the grounds of the local canoeing club

SLOVAKIA

The community sports club badly needed support. Along with a financial donation from the SK Foundation, our colleagues decided to donate their time and energy to improve the grounds of the club, put down a fence and clean the river bank so that local children could have their training sessions in a cleaner and safer environment.

“A fantastic day, the kids are very happy! Helping this fantastic team really cheers me up.”

Jozef Koreň, SK Slovakia

50

Children are enjoying their refreshed local canoeing club.

Above: SK Brazil team supporting their community.

Community support and care during the pandemic

BRAZIL

Since the beginning of the pandemic the team in Uberaba, Brazil, have partnered with the city to help provide much needed supplies. This year, they donated 2,000 masks, 20,000 medical products and food baskets to many families and homeless people within the area. They continue to monitor and help to meet the demands of the most vulnerable in their community during these difficult times.

“Our partnership with the city in the face of its problems has been increasingly strengthened. We are in constant contact, observing the demands and acting with the support of all employees.”

Simone Bongiovanavi, HR Manager, SK Uberaba

20,000

Food and medical products donated by SK Brazil this year.

Inspiring our future

Creating opportunities for
all through education.

As part of our dedication to sustainability, we're committed to supporting our future generations through education, play and inspiration. This year our employees championed a number of activities to teach, inspire and bring awareness to all of our younger generations.

UN SDGs SUPPORTED BY INITIATIVES

Image: Enjoying the "Kids to Forest" workshops in Czech Republic.

Above: Children get busy learning about our forests.

Caring for our forests

CZECH REPUBLIC

Twice a year since 2014, the SK team in the Czech Republic have been running the "Kids to Forest" workshops with a forester, teaching children the importance of taking care of our forests. There were 100 children at each workshop, meaning more than 2000 pupils historically have participated.

"It's an amazing thing to see the children enjoying being immersed in nature"

Lucie Jedličková, SK Czech Republic

2,000+

Children have learnt how to care for our forests.

Supporting rural schools

COLOMBIA

In Colombia, SK employees developed a campaign called "Schools with Conscience" in which they promoted hand washing with children as a protective measure against COVID-19.

Left: Children receive kits to encourage hand washing.

Culture, cardboard and circularity

ITALY

Our colleagues in Italy provided the important cultural event 'Festivaletteratura di Mantova', which takes place annually in Mantua, with signage and furniture for the press room and workshops, all made from cardboard! At the end of the Festival, all the materials were donated to local schools and charitable organisations, supporting a circular economy.

Right: Cardboard furniture donated by Smurfit Kappa Italy.

Above: Graduates of Smurfit Kappa's Back to School programme.

Back to school: Self-improvement has no age

MEXICO

In Mexico the average education is for 9 years and many pupils do not complete high school. For us at Smurfit Kappa and our Foundation, we believe that education is essential for self-improvement and development. We created the Back to School programme, a scheme that allows people to gain their secondary and high school certificates at any age, because self-improvement has no age limit.

"Today I am more proud than ever of what I have accomplished and will continue to improve."

Arcadio Romero, Graduate Associate.

210

People participated in the Back to School programme.

Encouraging curiosity

IRELAND

Research indicates that the optimum age for engagement with STEAM (Science, Technology, Engineering, Arts and Maths) is between 9 and 13 years; when a child's curiosity about the world they live in is most active. Our Smurfit Kappa plant in Cork supported two local schools with Science in a Box kit to encourage the students to engage with their curiosity.

120

Children enjoyed the Science in a Box kits helping them to engage with their curiosity.

Above: Children using their Science in a Box kits.

Above: Atomic Labs volunteers.

Creating prostheses for children using new 3D printer

ARGENTINA

Atomic Lab is a non-governmental organisation that provides free 3D printed prostheses to children. In early 2021, we officially joined the Atomic Ambassadors community and, after installing a 3D printer at our Bernal site, we started training our volunteer teams. Upon receiving the first order, our teams got to work creating a prosthesis for a 13 year old girl. Our design team prepared special packaging to protect the prosthesis before it was delivered. We are looking forward to producing prostheses for many more children.

All images: Children read books from their new cardboard bookcase.

Reading from the roots up

POLAND

The 'With a Book from Roots' initiative aims to provide primary schools and kindergartens in our neighbourhood with a tree-shaped cardboard bookcase, to promote ecology and a willingness to read and share books.

"It is very important to introduce children to books from an early age."

Dorota Kelsz, Dzwoneczek Kindergarten

10,000

Children have improved their reading skills.

Image: Painting bird boxes for World Cleanup Day.

Protecting our planet

Protecting what matters most, our environment and planet.

At Smurfit Kappa, sustainability is in our every fibre. We have a deep commitment to the planet and we believe that we must always do our best to help protect it. Not only do we strive for this through our products and operations, but also on a local level, through our teams. Our actions are wide and varied, from tackling litter, to recycling, to promoting and protecting our local ecosystems.

UN SDGs SUPPORTED BY INITIATIVES

Left: SK Poland donated corrugated litter bins to make recycling easier.

Above & right: Locals get busy cleaning and painting in Arklow.

Recycling made easy

POLAND

SK employees in Poland decided to encourage recycling by making it as easy as possible for people to sort their rubbish when using public bins. They donated corrugated litter bins to schools and businesses, enabling a wide range of employees, customers, students and even pre-schoolers to recycle every day!

160

Sets of sorting containers were distributed.

Act As One

THE NETHERLANDS

Act As One is an ambitious project that aims to draw attention to the climate crisis, particularly to rising water levels. The project consists of the creation of a 'living animation', which is created with coloured cardboard panels and is performed by over 2000 children and teachers. A recording of the performance will be offered at the Climate Conference (COP26) in Glasgow. We are proud to support Act As One by providing all of the cardboard materials.

2,000

Children and teachers participated in the Act As One performance.

Local cleaning and creativity

IRELAND

For World Cleanup Day, the employees of Smurfit Kappa Arklow and their kids got involved by cleaning up their local area. They painted and cleaned a communal area opposite the plant, they also donated a bench to the area and a new strimmer to the 'Tidy Towns' group.

The children got creative and painted and erected bird boxes as well as bat, bee and butterfly boxes.

“The children were so excited to paint the bird boxes. Arklow Tidy Towns group were very appreciative of the donation also.”

Yvonne Kenny, SK Arklow

Awarding sustainability

GERMANY

Everyone was delighted when the Experience Centre in Waren was awarded the Environmental Prize of the City for its resource saving and sustainable packaging. The SK employees decided to increase the value of the prize, and donate it to 3 local primary schools to support the young talents of tomorrow.

All images: Primary schools receive prize money donated by SK Waren.

Bag-in-Box water for emergency relief efforts

USA

SKNA partnered with Water Event several years ago to produce Bag-in-Box water in the US. Water Event has often supported humanitarian emergencies by providing BiB water to those in need. The SKNA team realised that their semi-automatic filler that was intended for display at the Dallas Experience Centre could be very useful to their partners at Water Event instead.

Collectively they decided to place it at Water Event, where it could be used for emergency relief efforts. While it is being put to good use, SKNA also get to invite customers to come and see a filler in operation!

“We were inspired to see our young talents sharing their ideas on sustainability”

Yvonne Winkelmann, SK Waren

Above: SK Stalybridge colleagues helped to clean the local area on World Cleanup Day.

Tidying the local community on World Cleanup Day

UNITED KINGDOM

Our colleagues in the Stalybridge site decided that they wanted to give back to the local community, and also raise awareness of the importance of looking after the environment. To do this, they put on their high vis' jackets and donated their time and energy to tidy the local area on World Cleanup Day.

"It was good to get involved and keep our area waste free."

Lee Smith, SK Stalybridge

17

Smurfit Kappa employees helped to clean their local area.

Earth Day landscaping

USA

The Houston plant and the Windsor Village Elementary School have been partners since 2019. On Sunday 25th April, 2021, our Houston employees visited the Windsor Village Elementary School to help them clean up their landscape as part of Earth Day activities.

Image: Earth Day at the Windsor Village Elementary School.

Once again, a remarkable number of stories were submitted to appear in this booklet, but this is just a snapshot of the many initiatives that are taking place across all the countries in which we operate.
