Print on Rollor + handle

* Additional shipment box required
to ship the Rollor with a carrying
handle

Rollor Packaging

Additional: Branded handles

Rollor Packaging

Additional: Branded paper inlay

Rollor Packaging

Additional: Pressure pillow

The Rollor Packaging pressure pillow is a packing tool made from 100% single sided corrugated board and is easily set up by a single click.

Pressure pillows are used when shipping thin fashion items that leave too much open space while rolling up.

The pressure pillows gently hold the garment in place. Eliminating any potential displacement during transport.
